

Fukuwarai Board

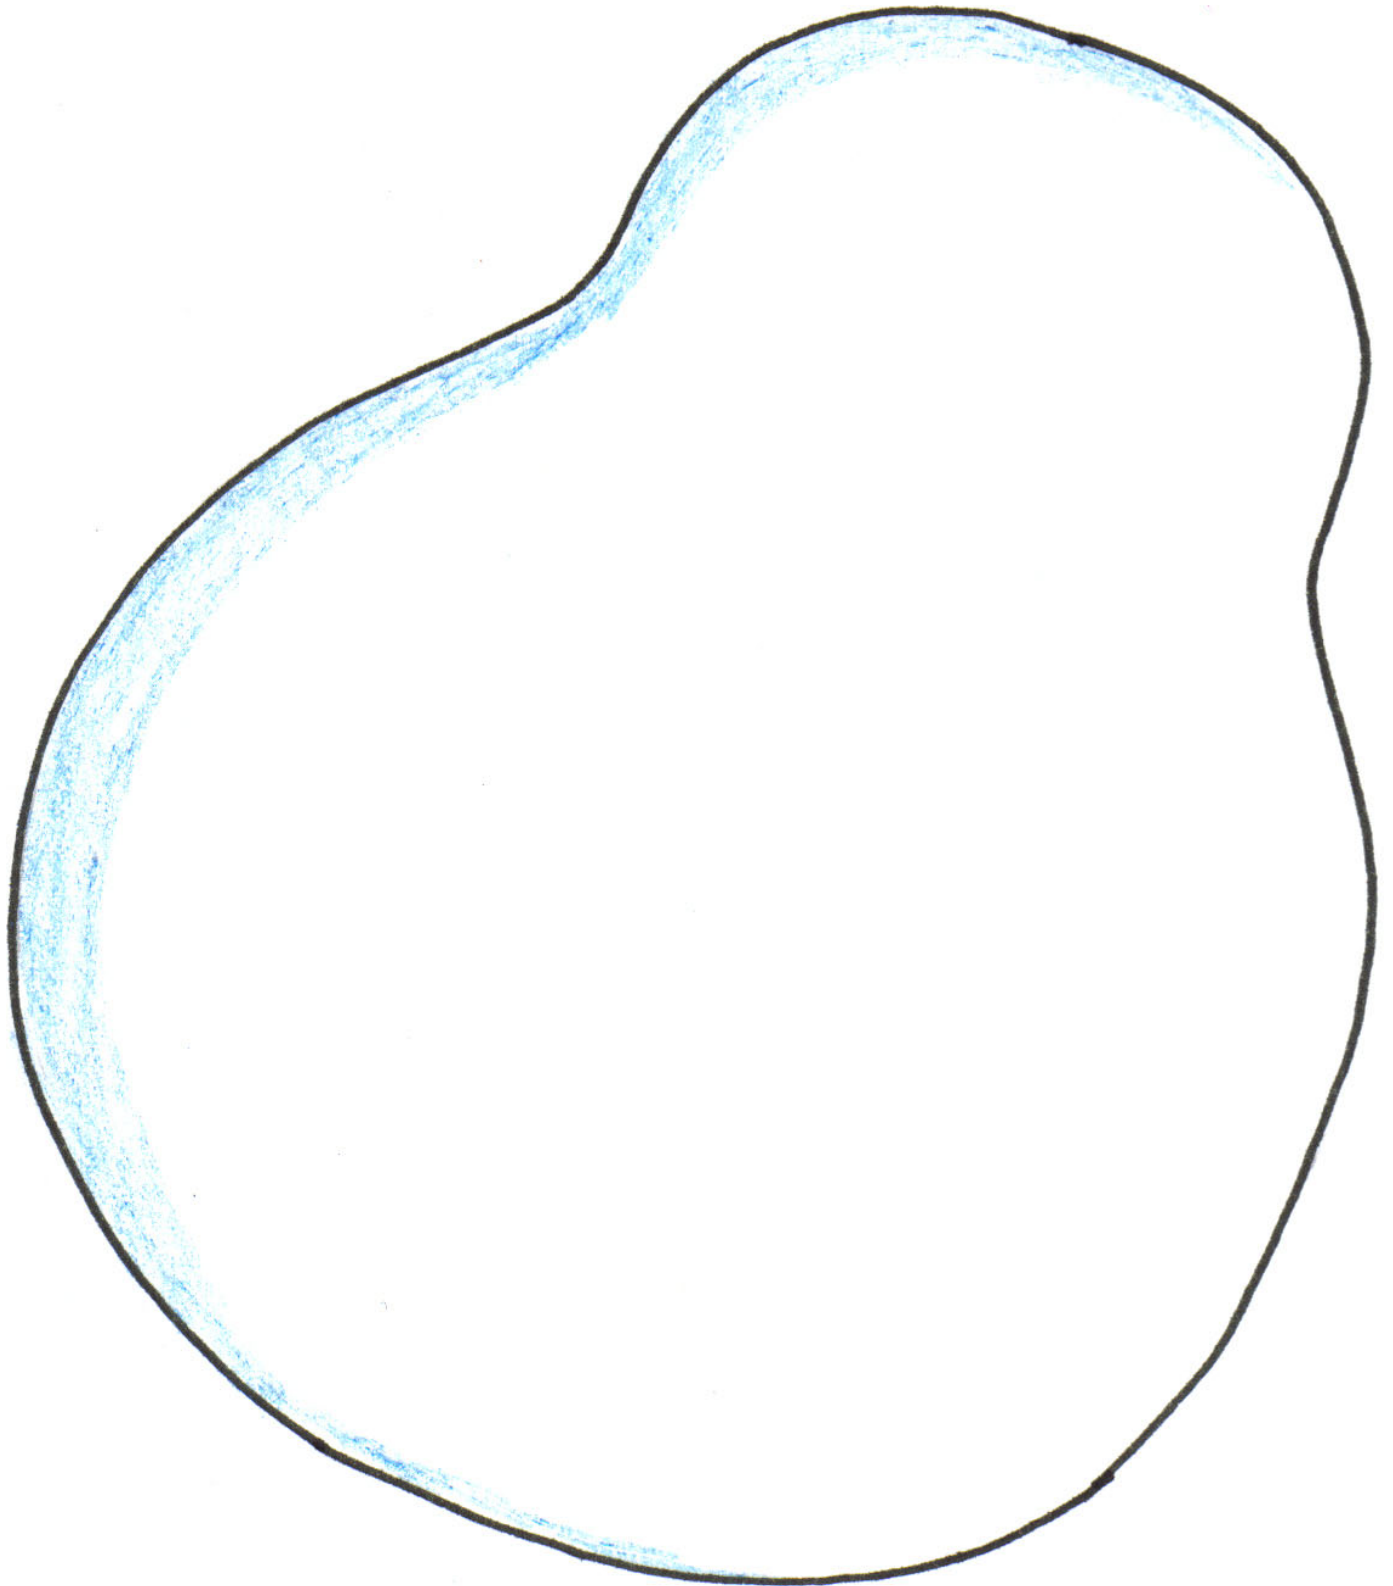

How to play:

- carefully cut out all of the face parts
- stick some blu-tack on the back of each of the face parts
- work as a pair. One person puts on a blindfold and the other person hands their partner the face parts, one at a time
- try to stick the face parts on the face outline in the correct position
- once completed, remove the blindfold and marvel at your creation
- switch over
- the winner is the person who can create the most accurate face!

Fukuwarai Face Template

Cut around the face template, then try to place all of the face parts in the correct position...whilst blindfolded!

Fukuwarai Face Parts

Carefully cut around each of the face parts and try to stick them onto the face template in the correct place...whilst blindfolded!
