

## Exploring Hokusai

©The Japan Society 2024

### Task 1

Look at one of the prints from Hokusai's 'Thirty-six Views of Mount Fuji'. Your task is to draw a simple version of the print using as few lines as possible.

Start by discussing the print with your partner. Identify the key features in the print and the shapes these make. Think about how you can replicate them with the fewest number of lines.

Make sure you include Mount Fuji!
