Benefactors

The Japan Society is grateful to the companies, organisations and individuals who have contributed financially to its work. Their generous support, both for the general mission and for the schools education work, is invaluable. All or part of the donation from companies marked with an asterisk (*) has been designated in support of the schools education and small grants programmes. Those with a pilcrow sign (¶) have given their support through a five year agreement. Unless delineated with (2009) or (2010) the companies listed supported the Japan Society in both years.
