

## Soroban Template: Print out and Practice

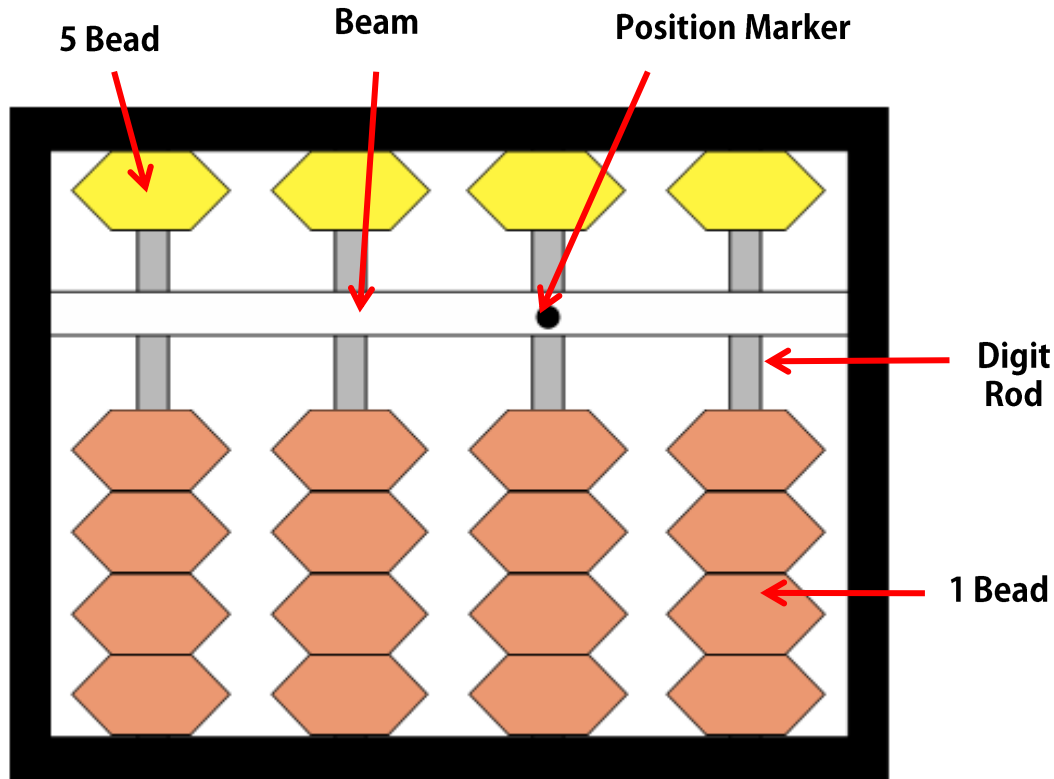

The Japan Society (2020)

Practice soroban by cutting out the beads and moving them on the frame.

**Remember:** Only beads touching the beam have a value.

# How to Read Soroban

**1 Bead** The value of each bead is 1

**5 Bead** The value of each bead is 5

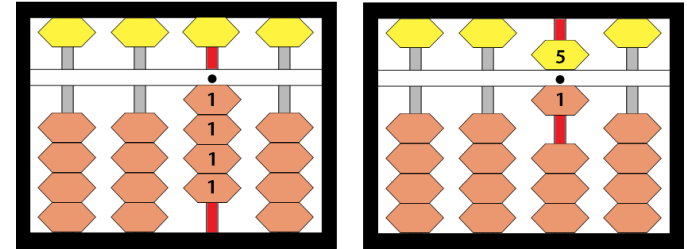

**Beam** Only beads touching the beam have a value

**Position Marker** Marks the starting point and represents 'ones'

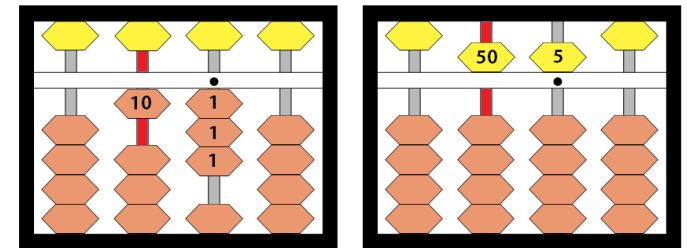

**Digit Rod** Show the place value of the beads

## Example Numbers

**Ones** are on the same digit rod as the position marker

**Tens** are on the digit rod left of the position marker

**Hundreds** are on the digit rod left of the Tens
