

Free Intergenerational Film Workshop

Have you ever wanted to learn more about your heritage? Are you interested in learning basic filmmaking techniques?

New Earth Theatre is looking for up to 12 young people of Japanese heritage (age 8 - 16) to interview their mothers and/or grandmothers as part of Tsunagu/Connect. Participants will receive a free filmmaking and interview techniques workshop with director and filmmaker Fumi Gomez. This workshop will give you the skills you need to record an interview with your mother and/or grandmother on a DSLR, mobile phone or tablet. A short film will be created from the interviews and shown as part of the Tsunagu/Connect exhibition in 2022.

*Please note all participants under the age of 16 will need to attend with a parent, guardian or carer.

Tsunagu/Connect is a National Lottery Heritage funded project from New Earth Theatre documenting the lives of Japanese women in the UK since 1945. To date, almost 30 Japanese women who have settled all over the UK have shared their stories with us. Currently, we are developing a live performance piece and exhibition based on these stories and conversations, set to debut in Spring 2022. You can find out more about the project on the [New Earth Theatre website](#).

The Intergenerational Film Workshop will take place on **Saturday 23 October 2021, 1.30 - 5.30pm** at [artsdepot](#), North Finchley. If you are interested in participating, please email participation@artsdepot.co.uk
